---

Good afternoon Mr. McMillan,

I received your comments on the Determination of Non-Significance issued on April 12, 2023. I have addressed your questions about pesticide spills and their conveyance previously. Please see answers to your additional questions below:

1. Who is tasked with monitoring the quality of water coming out of the vault and into the ravine at the gabion outfall?
   The owner (future Homeowner's Association) is required to ensure safe and compliant maintenance and operation of the stormwater system per the Stormwater Maintenance Agreement which includes a source control manual and standards for water quality.

2. Will the surface drainage system be maintained regularly and if so, by whom?
   The stormwater system will be maintained per the Stormwater Maintenance Agreement.

3. Will the entire surface water drainage system be inspected and recertified by the City of Gig Harbor annually?
   The stormwater system will be inspected by the City at installation and
